## Port Highlights

Carved into the cliff of Cape Diamond, Québec City remains a stronghold of French culture, evident in the language, cuisine and European architecture. The city has some notable buildings including the Church of Notre-Dame-de-Québec and the imposing Chateau Frontenac, the most photographed hotel in the world. Nearby you can also visit the stunning Montmorency Falls and St. Anne de Beaupre Church, a beautiful basilica and one of the great pilgrimage sites of North America. Québec's forest covers more than 750,000km<sup>2</sup>, which is the size of Sweden and Norway together. It represents 20% of the Canadian forests and 2% of the world's forests. Québec contains more than 3% of the world's fresh water reserves. This walled, old city - the only remaining in the US and Canada - is a living museum, each street a page in the book of French Canada's struggle for survival - even dominion - in British North America. Much of the city's past is still visible and its many churches, old stone houses and narrow streets make it an architectural gem. The jewel of Québec City is the Old Town, with its steep hills and staircases. Many hours may be whiled away exploring its charms.

## Shore Experiences

When leaving the ship, please walk through the airbridge gangway leading to the Cruise Terminal building. Proceed to the lower level (escalator and elevators are available) to reach the Tour Dispatch Desk, the waiting area and exit of the building. Please make your way ashore 15 minutes prior to the tour departure time on your ticket. Please have your tour tickets in hand ready to show them.
